If the claims above are true, which of the following must also be true?

- I. All birds lay eggs.
- II. Peahens are birds.
- III. Some peafowl are not peahens.

**Write a news story based on the following information. Remember to provide a headline.**

According to sources, Ponpatta Ratheesh, 42, an electrician, came to the house of the girl, which is around half a kilometre from his house. He scaled the wall of the two-storeyed building using a ladder to reach her room on the first floor.

The girl, her brother, and sister-in-law sustained minor burns. They were treated at a hospital in Vadakara. When the neighbours raised an alarm after seeing smoke from the house, he came down from the terrace, drank petrol, poured the fuel over his body, and set himself on fire. The incident occurred at 2 a.m. on Tuesday at Jathiyeri near Nadapuram.

A native of Nadapuram in Kozhikode district set himself on fire. It was at the house of a girl whose marriage was scheduled for April. Ratheesh first broke open the door and set some things on fire in the room.

**Arrange the following headlines by their importance to a national (pan-india) audience. Give one line reasons on why you chose them to be in that order.**
